# BEST WHEY PROTEIN

AVAILABLE IN 30 POWDER SERVING BOTTLES AND SINGLE SERVE PACKETS

**Best Whey Protein** is a naturally complete protein that provides essential and non-essential amino acids to support healing, muscle building, muscle and tissue recovery, energy and a healthy immune system. It is a great source of branched chain amino acids for muscle support, a precursor for glutathione production, as well as alpha-lactalbumin and immunoglobulins for immune system support. **Best Whey Protein** is beneficial to those with active lifestyles, athletes, body builders, people who exercise and those following a low-calorie or restricted diet. Adding **Best Whey Protein** to a mid-day snack or beverage provides healthy energy and may help control food intake at the next meal.

## Best Whey Protein is

- Micro-filtrated
- Rich in branched chain amino acids
- Available in a Vanilla and Chocolate Flavors
- Great tasting and easily mixed, making it the perfect base for any health shake or smoothie
- Combined with 3 g of Fibersol-2™ brand fiber to support regularity

## About the Ingredients:

### Athletes, Body Builders and Active Lifestyles

benefit from Branched Chain Amino Acids by aiding in muscle metabolism and providing energy directly to muscle tissue\* The body requires higher amounts of branched chain amino acids during and following exercise as they are taken up directly by the skeletal muscles versus first being metabolized through the liver, like other amino acids. Low BCAA levels contribute to fatigue and they should be replaced in one hour or less following exercise or participation in a competitive event.

### Low Calorie or Restricted Diet

One serving of **Best Whey Protein** provides 21 grams, or 80%, of high quality protein. It's a delicious, low calorie, low fat, low carbohydrate drink mix supplement that is sugar free! **Best Whey Protein** is a great addition to any weight management program, not as a meal replacement, but as a source of energy and to curb appetite. Many find their appetite at mealtime is reduced when they use whey as a mid-morning or mid-afternoon snack.

### Immune System Support

**Best Whey Protein** naturally contains precursors for glutathione production. Glutathione helps defend the body against free radicals that can challenge or weaken the immune system. Natural protein fractions such as alpha-lactalbumin and immunoglobulins help strengthen the immune system.

## VANILLA

### SUPPLEMENT FACTS

Serving Size: 1 Scoop (31.6g)	
Servings per Container: 30	
Amount Per Serving	
Calories 125	Calories From Fat 14
Total Fat	1.5g
Saturated Fat	1 g
Trans Fat	0g
Cholesterol	60 mg
Sodium	75 mg
Potassium	140 mg
Total Carbohydrates	6 g
Fiber	3 g
Sugar	2 g
Added Sugars	2 g
Protein	20 g
Calcium	125 mg
Phosphorus	50 mg

**Other Ingredients:** non GMO Whey Protein Concentrate, Fibersol®-2, Natural Flavors, Stevia, and Xanthan Gum

**Suggested Use:** As a dietary supplement, mix one scoop (31.6g) daily in 6-8 ounces of water, milk, milk substitute or your favorite beverage, or use as directed by your healthcare practitioner. For best results, serve cold and use a shaker bottle or blender.

**Warning:** If you are pregnant or nursing, consult your healthcare practitioner before taking this product.

## CHOCOLATE

### SUPPLEMENT FACTS

Serving Size: 1 Scoop (32g)	
Servings per Container: 30
