Pro Oranges

Available in 30 Powder Servings

Nutritional Frontiers' Pro Powders are all-natural fruit and vegetable-based juice powders, fortified with specific nutrients to target specific systems. Sometimes people find it difficult to attain the recommended 5-7 servings of produce a day, and that's where **Pro Oranges** by **Nutritional Frontiers** come in.

Ingesting a variety of fruits and vegetables daily provides intake of phenols, vitamin C, proanthocyanidins, ellagic acid, bioflavonoids, and anthocyanins, all of which are powerful antioxidants. Antioxidants battle damage from free radicals, which are believed to play a role in numerous health conditions like aging, cancer, atherosclerosis, and more.

In addition to fruits and vegetables, **Pro Oranges** features added nutrients like riboflavin (vitamin B-2), vitamin C from acerola fruit, and added fiber as Fibersol®-2. Fibersol®-2 is a soluble fiber comprised of a digestion-resistant maltodextrin. Fiber serves many purposes, including binding toxins in the intestines to aid in detoxification, helping glucose and lipid control, and supporting proper bowel function, regularity, fecal volume, and beneficial intestinal micro flora. What makes Fibersol®-2 unique is that it is so soluble and less dense than other fibers that it mixes instantly and does not cause bloating or intestinal gas, like other fiber products. Fibersol®-2 is not only well-tolerated but also results in favorable fermentation characteristics in the large bowel, assisting production of the short chain fatty acid butyrate which is the preferred fuel source of colon cells.

Support for energy enhancement is provided in **Pro Oranges** as N,N-Dimethylglycine (DMG), green coffee bean extract, taurine, Asian ginseng, Sensoril® Ashwagandha, and CoQ10. Taurine is abundant in various organs in the human body and demonstrates many diverse biological functions including stabilizing cell membranes, transporting ions, and acting as a neurotransmitter. Taurine has been shown in research studies to increase antioxidative liver enzyme activity. Other research shows that taurine may help normalize cholesterol and triglyceride levels. The methyl donor DMG assists in the biosynthesis of vitamins, hormones, neurotransmitters, antibodies & nucleic acids. DMG was patented over three decades ago for treating systemic inflammatory disease, modulating immune response, and boasts in vitro evidence of antioxidant effects via free radical scavenging activity and enhancement of the endogenous antioxidant defense system. Green coffee bean has received attention for its potential use as a weight loss aid. Both animal and human research has been conducted, showing that green coffee bean extract may help some people with weight loss and reducing abdominal fat. CoQ10 is a free radical scavenger and a naturally occurring cofactor in cellular energy as part of the mitochondrial respiratory chain. It is vital to the production of ATP. Oral supplementation with CoQ10 is reported to improve fatigue and physical performance. CoQ10 levels decrease with aging.

Pro Oranges includes the herbs Asian ginseng and ashwagandha. Asian ginseng (Panax ginseng) has been in use since at least the 1st century C.E. Its many constituents, such as ginsenosides and panaxans, contribute to proposed effects such as supporting immune function, lowering blood sugar, improving libido and enhancing physical and intellectual performance.* Ashwagandha is a relaxing adaptogen utilized to 'build up' people who are debilitated from long term stress. Ashwagandha is thought to help in both acute and chronic stress conditions as well as those struggling w/insomnia, inflammatory diseases, anxiety. Sensoril® ashwagandha is a trademarked preparation of the herb standardized to contain 3 bioactive components of ashwagandha: Withanolide glycosides, Withaferin A, and Oligosaccharides). Sensoril® boasts research demonstrating improved upper body strength and favorable distribution of body mass in participants taking the supplement for 12 weeks.

SUPPLEMENT FACTS

Available Sizes: 30

Serving Size: 11 Grams (Approx. 1 Scoop)

Servings Per Container: 30

Amount Per Serving

Vitamin C (from Acerola Fruit Extract)	200 mg
Riboflavin	12 mg
Proprietary Fruit Blend	4,000 mg
Orange Fruit Powder, Pineapple Fruit Powder, Peach Fruit Powder, Prunus persica var. nucipersica Fruit Powder, Citrus clementina Fruit Powder, Mango Fruit Powder, Fortunella crassifolia Fruit Powder, Diospyros kaki Fruit Powder, Musa acuminata Fruit Powder, Actinidia deliciosa (Kiwi) Fruit Powder	
Proprietary Vegetable Blend	2,000 mg
Carrot Root Powder, Wild Yam Root Powder, Pumpkin Seed Powder, Sweet Potato Fruit Powder, Cucurbita moschata Fruit Powder, Brassica napus Root Powder, Cayenne Fruit Powder	
Soluble Fiber (Fibersol®-2 brand)	2,000 mg
Proprietary Energy Blend	980 mg
Taurine, Inositol, Green Coffee Bean Extract, N, N-Dimethylglycine HCl, Asian Ginseng Root Powder, Sensoril® Ashwagandha Root and leaf Extract, CoEnzyme Q10	
Antioxidant Allergy Blend	400 mg
Citrus Bioflavonoids Peel Powder, Quercetin (as Quercetin Dihydrate), Aloe Vera Leaf Gel Extract, Bromelain Complex.	

Other Ingredients: Fibersol®-2 Digestion Resistant Maltodextrin, Natural Flavors, Silicon Dioxide, Citric Acid, Rebaudioside A (From Stevia Leaf Extract).

Suggested Use: As a dietary supplement, mix 1 heaping scoop (11 g) daily in 8 oz. of cold water or juice, or as directed by your healthcare practitioner.

Warning: If pregnant or nursing, consult your healthcare practitioner before taking this product.

Caution: Medications should be taken separately from high-fiber supplements like Fibersol®-2. Fiber can theoretically interfere with the absorption of medication taken at the same time. We suggest taking medications 2 hours before or after using the Fibersol®-2 in Pro Oranges. If pregnant or nursing, consult your healthcare practitioner before taking this product. Keep out of reach of children.

Sensoril® is a trademark of Natreon, Inc. and is protected under U.S. Patents 6,153,198 and 7,318,938.

Fibersol® is a registered Trademark of ADM/Matsutani LLC and Matsutani Chemical Industry Co.LTD. Fibersol®-2 is a soluble dietary fiber produced by ADM/Matsutani LLC.
