# Mood Boost

## Available in 60 Servings

### Mood Boost Supports:

- Depressed Mood
- Eating disorders
- Sleep disturbances
- Neurological Disorders
- Mental alertness
- Nerve conduction
- Neurotransmitter production
- Oxygen uptake by brain cells

### About the Formula

• The unique combination in Mood Boost provides a formula with activity that differs from anything else. The ginkgo provides an extra benefit by preserving and extending the actions of serotonin and preventing the catabolism of serotonin that is formed from its precursor 5-HTP.

- **What is 5-HTP?** An amino acid extracted from the seeds of the African plant *Griffonia simplicifolia*. In the body it is an intermediate step in the conversion of tryptophan to serotonin, which makes it a safe and natural way to balance serotonin levels.
- In Europe it has been used for over 30 years for mood balance, quality sleep, weight management and comfort for those with headaches and muscle discomfort.

### What is Serotonin?

- **Serotonin** is a neurotransmitter critical for brain function. It helps regulate muscle movement, alertness, mood, behavior, appetite, activity level, and sleep quality and is a precursor to melatonin. What decreases Serotonin levels?
- **Stress** caused by emotional crisis, inadequate rest and nutrition, excessive caffeine or alcohol use, and lack of exercise can have serious impact on the brain's ability to produce serotonin.

### Why is Serotonin important?

- Low Serotonin levels can lead to problems such as aggression, alcoholism, anxiety, depression, seizures, fatigue, fibromyalgia, seasonal affective disorder, food and carbohydrate cravings, hyperactivity, irritability, muscle and bone discomfort, obesity, obsessive compulsive disorders, panic disorders, pre-menstrual syndrome, short attention span, sleep disorders, scattered thoughts, and severe headaches.

- **Ginkgo Biloba** has been used to support optimal brain function. The active compounds of Ginkgo Biloba act as free radical scavengers. They support the utilization of oxygen and glucose, healthy circulation, activity, memory and mood balance.
- **B 3, B 6 and Magnesium** provide maximum nervous system, neurological and neuromuscular support.

## SUPPLEMENT FACTS

**Servings Size: 2 Capsules**

**Servings Per Container: 60**

### Amount Per Serving

Vitamin B3 (as Niacinamide)	5 mg
Vitamin B6 (as Pyridoxal-5-Phosphate Monohydrate)	79 mg
Magnesium (as Magnesium Citrate)	180 mg
Ginkgo Biloba 24% (leaf)	60 mg
5-Hydroxytryptophan (5-HTP)	50 mg

**Other Ingredients:** Vegetable Stearate, Rice Flour, Vegetable Cellulose (Capsule), Water

**Suggested Use:** As a dietary supplement, take 2 capsules daily or as directed by your healthcare practitioner.

**Warning:** If pregnant or nursing, consult your healthcare practitioner before taking this product.
