Dr. Maribelle Verdiales MD,
OBGYN, ND

Dr. Maribelle Verdiales

MD | OBGYN | ND

Maribelle Verdiales, M.D. believes that optimum health is achieved with a balance between body, mind and soul. As part of her vision, Dr. Verdiales evolved into her holistic women's health practice, where her patients not only take advantage of cutting-edge technology to address their healthcare needs, but also natural approaches to wellness.

Dr. Verdiales was born in Puerto Rico, where she completed her medical degree in 2001. She then moved to New York City to become a GYN. During her residency, she was exposed to minimally invasive surgery and pelvic reconstruction, which became areas of particular interest. After graduation, she continued to practice for a few years in New York and pursued further training in the areas of Robotic Surgery and pelvic reconstruction with and without mesh implants.

In 2009, Dr. Verdiales relocated to Georgia with her family to start a private practice. She then sought a more holistic education and took advanced training in bio-identical hormone therapy, nutrition, weight loss and integrative medicine. Every day, Dr. Verdiales helps hundreds of women reach their maximum health potential to reach personal wellness goals whether that is having a baby, treating conditions or simply feeling better and having a healthier lifestyle.
